

European Business Register – for safer business

18 million European companies at your fingertip

EUROPEAN BUSINESS REGISTER

European Business Register — for safer business

18 million European companies at your fingertip

Easy access to reliable information on companies all over Europe !

Initiated by the European Commission in 1993, the **European Business Register** provides you the official information on line from the Trade Registers of 19 Member states.

With EBR you can always get the latest company information fresh from the source - each country's official register. Are you looking for the name of a commercial company or a director?

Various EBR reports will provide you with information on :

- > Official updated data on commercial companies.
- > Directors and managers, together with their various mandates.
- > Images of deeds and balance sheets of certain countries.

EBR makes official information on European companies available online for you, in the various languages of the members States.

EBR offers you:
Availability, Reliability and Coverage.

« EBR helps you to conduct safe business and makes the European community a truly competitive market »

Mr Vito Gianella, director

About EBR

The European Business Register is a network of **Business Registers** kept by the registration authorities in most of the European countries.

EBR makes it possible for everybody to obtain comparable, official company information from the countries connected the network-at a reasonable price.

This improves the situation for small and medium-sized enterprises, which up to now have found difficult to obtain company information across Europe.

Within **EBR** there is also on going projects with the goals to provide even better services.

Safer Business

Access to official and reliable information is critical if you want to effectively conduct safe business transactions. Now with help of **European Business Register** it is easier to obtain this information. An easy way to access reliable on-line information on European companies

Every time a search is carried out, the information is retrieved directly from the respective country's official company register.

The registers are updated regularly, so you always receive fresh and reliable information direct from the source.

EBR means **safer business** and real assistance in making the European Union an accessible and competitive market.

With **EBR**, it will also be easier to track down and prevent doubtful activities at an early stage.

Check you partners, customers and other business contacts with the help of EBR.

Do safer business !

Products

When you have access to **EBR**, you can search for information on a certain company or a certain company official.

There are different kind of report available depending on country and company.

EBR can always provide you with a Company Profile that **contains some of the most important information on a business.**

For example:

Company name, registration number, address, country of registration, date of registration, registration authority, legal form, current status, type of business activities, share capital, date of the latest annual account.

The information is brought to you direct from the source.

The Company Profile is available from all the participating countries.

Some national registers also provide information on the board of directors, management owners/ shareholders and annual accounts.
